

The Institute of Technology or Polytechnic sector

Year: 2013

Fund: Student Achievement

Successful Completion of Courses

Level 1-2	74%
Level 3-4	77%
Level 5-6	78%
Level 7-8	87%

This measure shows the proportion of courses in a given year that are successfully completed.

Completion of Qualifications

Level 1-2	68%
Level 3-4	66%
Level 5-6	70%
Level 7-8	85%
Level 9-10	82%

This measure shows the proportion of students in a given year who complete a qualification.

Student Progression to Higher Level Study

Level 1	38%
Level 2	43%
Level 3	35%
Level 4	33%

This measure shows the proportion of students in a given year who progress to study at a higher level after completing a qualification at levels 1 - 4.

Students Retained in Study

Level 1-2	53%
Level 3-4	61%
Level 5-6	63%
Level 7-8	79%
Level 9-10	80%

This measure shows the proportion of students in a given year that complete a qualification or re-enrol at the same tertiary education organisation in the following year.

About the Institute of Technology or Polytechnic sector

In 2013 the TEC allocated Student Achievement Component funding to all 18 Institutes of Technology and Polytechnics (ITPs), which funded from approximately 1,200 to almost 8,000 equivalent full-time students.

The nature of enrolments at a specific ITP will influence its performance. For example, part-time and extra-mural students often have work or family commitments and cannot devote as much time and energy to their studies. They may also have different study goals.

EIT's results are not necessarily comparable to previous years given the merger of EIT with Tairāwhiti Polytechnic on 1 January 2011.

Government expectations of the Institute of Technology or Polytechnic sector

The government expects ITPs to:

- Enable a wide range of students to complete industry relevant certificate, diploma and applied degree qualifications
- Enable a local access to appropriate tertiary education
- Support students with low literacy, language and numeracy skills to improve these skills and progress to higher levels of learning
- Work with industry to ensure that vocational learning meets industry needs.

Tertiary Education Strategy

The Tertiary Education Strategy (TES) sets high expectations for TEO performance and prioritises an outcomes focus especially for industry, Maori and Pasifika learners and at risk young people.

Context

Number of students in total: 121,861

Number of equivalent full-time student places: 63,088

Student ethnicity*		Level of study	
European	64%	Level 1-2	10%
