### About the Wananga sector

The three wananga are designated under the Education Act 1989 as unique organisations that offer quality education based on Maori principles and values.

There is a significant difference in size and offerings between the wananga. Almost 60% of all students enrolled in wananga are Maori.

The nature of enrolments at a specific wananga will influence a wananga's performance. With many part time learners wananga have adapted delivery to meet student needs enabling to achieve at the same rate as learners at other institutions.

### Government expectations of the Wananga sector

The government expects wananga to:

- Create and share matauranga Maori that contributes to whanau, hapu and iwi prosperity, and New Zealand's economic, social, cultural and environmental development
- Make an increasing contribution to sector-wide leadership through advancing matauranga Maori
- Enable students to complete a range of sub-degree, degree and postgraduate qualifications, with clear study paths to higher levels of learning

### Tertiary Education Strategy

The Tertiary Education Strategy (TES) sets high expectations for TEO performance and attaining better outcomes especially for skills for industry, Maori and Pasifika learners, at risk young people and for adult literacy and numeracy.
