The Institute of Technology or Polytechnic sector

Year: 2015

Fund: Student Achievement Component

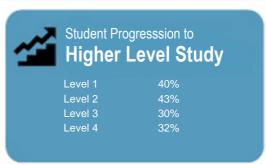

Level 1-2 72% Level 3-4 77% Level 5-6 77% Level 7-8 87%

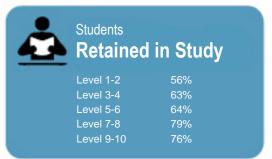

This measure shows the proportion of courses in a given year that are successfully completed.

This measure shows the proportion of students in a given year who complete a qualification.

This measure shows the proportion of students in a given year who progress to study at a higher level after completing a qualification at levels 1 - 4.

This measure shows the proportion of students in a given year that complete a qualification or re-enrol at the same tertiary education organisation in the following year.

About the Institute of Technology or Polytechnic sector

In 2015 the TEC allocated Student Achievement Component funding to all 18 Institutes of Technology and Polytechnics (ITPs), which funded a range of approximately 900 to 7,100 equivalent full-time students.

The nature of enrolments at a specific ITP will influence its performance. For example, part-time and extra-mural students often have work or family commitments and cannot devote as much time and energy to their studies. They may also have different study goals.

Government expectations of the Institute of Technology or Polytechnic sector

The government expects ITPs to:

- Enable a wide range of students to complete industry relevant certificate, diploma and applied degree qualifications
- Enable a local access to appropriate tertiary education
- Support students with low literacy, language and numeracy skills to improve these skills and progress to higher levels of learning
- Work with industry to ensure that vocational learning meets industry needs.

Tertiary Education Strategy

The Tertiary Education Strategy (TES) sets high expectations for TEO performance and attaining better outcomes especially for skills for industry, Maori and Pasifika learners, at risk young people and for adult literacy and numeracy.

Context

Number of students in total: 117,435

Number of equivalent full- time student places: 59,715

Student ethnicity*		Level of study	
European	63%	Level 1-2	9%
Maori	25%	Level 3-4	37%
Pacific	11%	Level 5-6	20%
Asian	10%	Level 7-8	34%
Other	5%	Level 9-10	1%

^{*}Total may exceed 100% as some students identify with more than one ethnicity.
