

Quick Guide: Pre-2019 Performance Commitments App

This app provides information on TEO (Tertiary Education Organisation) supplied performance commitments prior to the 2019 investment year.

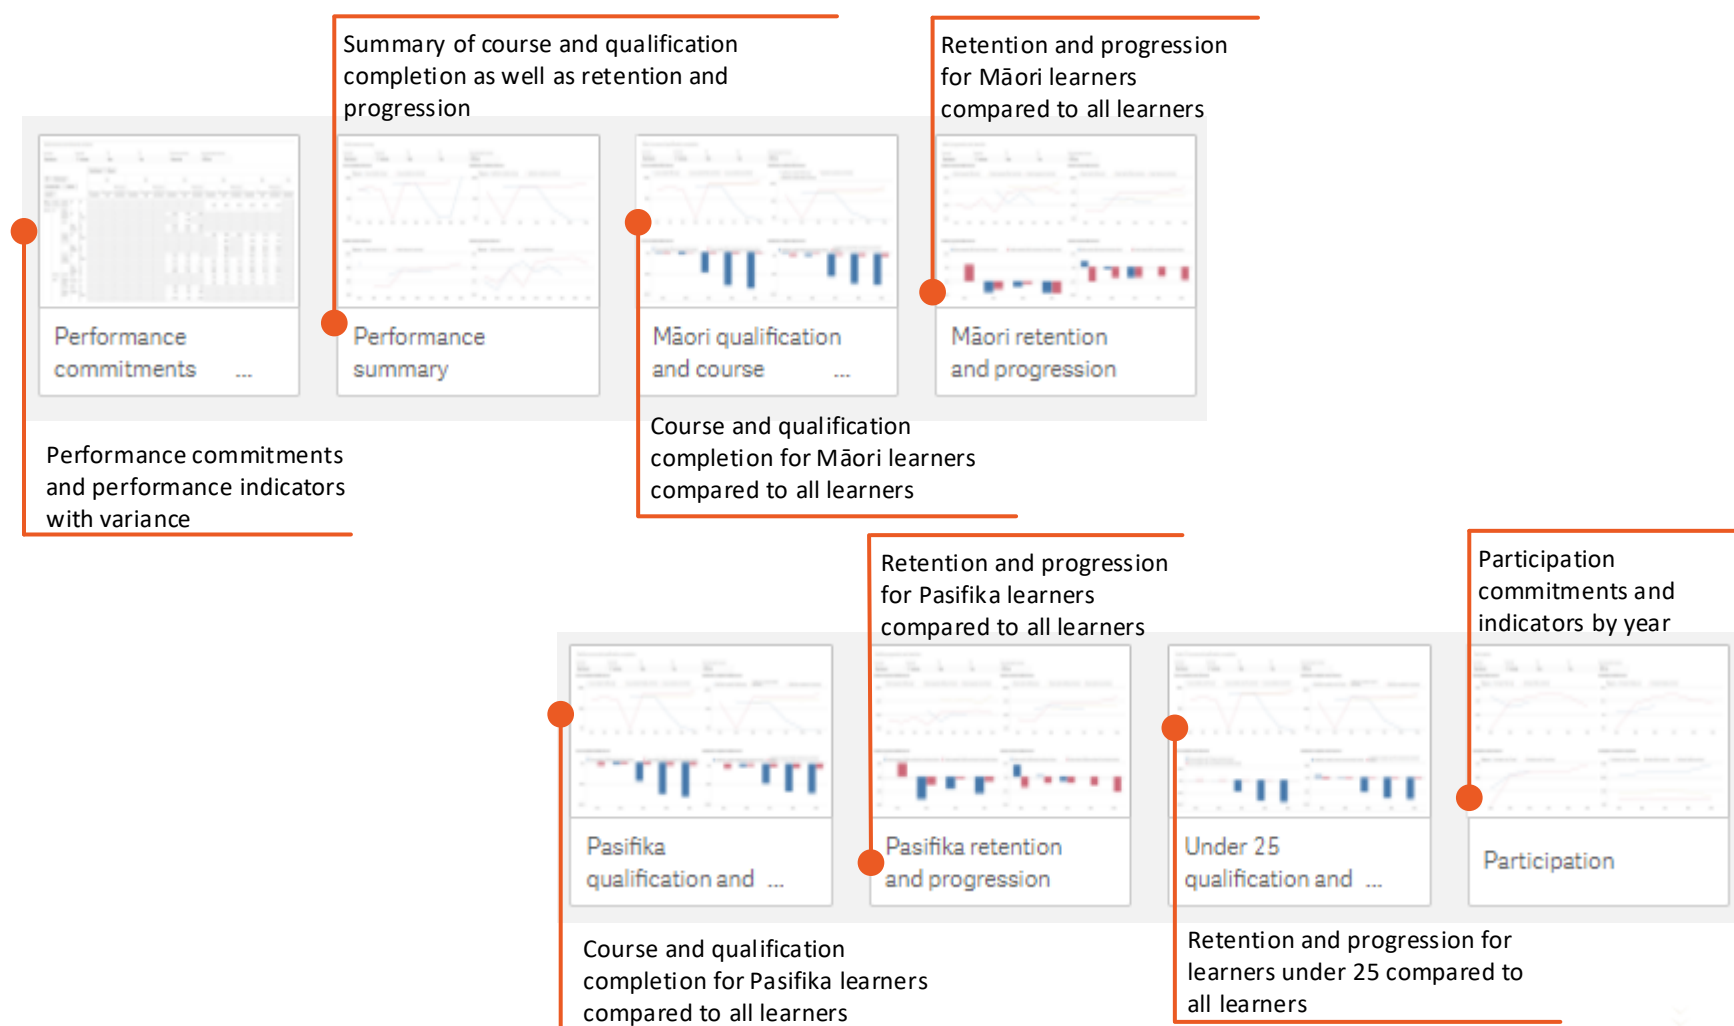

Examples of what you can discover

- Trends of commitments over time.
- Compare commitments against previous commitments or actual delivery/performance.

Things to note

- Prior to the 2016 investment year, this information came from OIT (Online Investment Tool) for Private Training Establishments (PTEs) and spreadsheets for Tertiary Education Institutes (TEIs), and since 2016 from Workspace 2. The information can be filtered by reporting year, register level and fund.
- Commitments are available from 2011 to 2018.
- Performance commitments from 2019 on are available in the My Commitments app.
- Actual performance indicators are only available where performance commitments exist.
- Commitments are restricted to the funds SAC and Youth Guarantee.
- The data in the app will not be updated post 2019, as new performance commitments aligned with cohorts will be collected from 2018 on.

Information provided by each sheet

Data Definitions

Take a look at the data definitions sheet in the app for more information on the following fields:

- Reporting year
- Funding category and group
- Performance commitments
- Qualification NZQF level
