

# Investment Briefs for Student Achievement Component funding

Student Achievement Component (SAC) Investment Briefs provide information on our expectations for SAC provision. The SAC Investment Briefs are grouped into three categories: SAC levels 1 to 3; SAC levels 4 to 7 (non-degree) and SAC level 7 (degree).

The Investment Briefs are on the [Investment Toolkit](#) webpage.

## Investment Briefs provide information about specific areas of provision

Each Investment Brief gives clear messages and relevant information about an area of provision to assist you to develop your Investment Plan, including:

- › purpose of our investment in the provision
- › key outputs/outcomes
- › targets for the key outputs/outcomes (shown as two and four year targets)
- › how we will work with you to achieve the targets, and
- › what we are looking for in your investment plans.

The targets in each Investment Brief are not tertiary education organisation (TEO) specific targets but rather overall system level targets. You will have individual conversations with your Relationship Manager or Relationship Advisor about how your organisation can contribute to the targets.

You need to consider all relevant Investment Briefs when drafting your Plan.

## We have updated the documents for the 2020 investment round

This update was required as:

- › 2018 educational performance information is now available
- › new post-study outcomes information is available via the *Post-Study Outcomes* information product.

We will provide 2019 delivery and performance information at a later date.

## Use Ngā Kete information products to better understand the information in Investment Briefs

The data in the Investment Briefs comes from the Ngā Kete information products, specifically the *My Performance*, *My Provision* and *Tertiary Provision* information products. These information products will give you further information about your organisation's performance.

### Questions?

If you have any questions regarding the Investment Briefs, please contact your Relationship Manager or the TEC Customer Contact Group.
