

Quick Guide My Commitments - ITR App

This app provides information on commitments supplied by organisations who report via the Industry Training Register (ITR) for both mix of provision and educational performance indicator commitments.

Examples of what you can discover

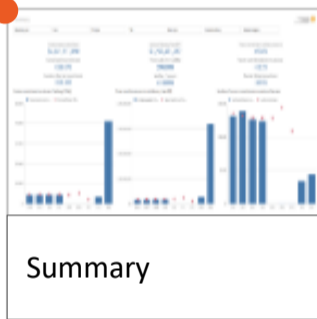

- See trends of commitments over time.
- Compare current and previous commitments to actual delivery/performance.
- See UFS commitments for reporting year 2023 and beyond, but no UFS delivery data will show until the reporting year 2023.

Things to note

- Where no mix of provision (MoP) commitments exist; actual delivery information is reported; however
- Actual educational performance indicators are only available where performance commitments exist. Additional performance indicators are available in the My Performance - ITR app.
- Performance commitments are only available at individual reporting TEO level and cannot be aggregated to the sector level.

Information provided by each sheet

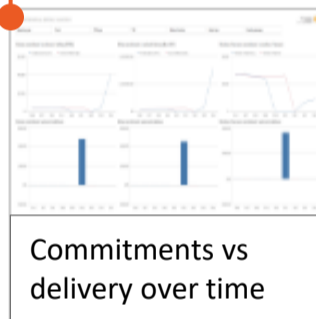

Overall summary of commitments and actual delivery. This includes UFS commitments for reporting year 2023 onwards.

Comparison of TEO commitments against actual delivery including UFS commitments by study type, mode of delivery, subject category and NZQF (NZQCF) level.

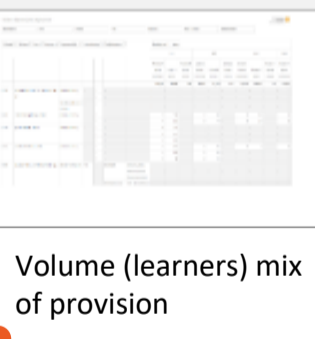

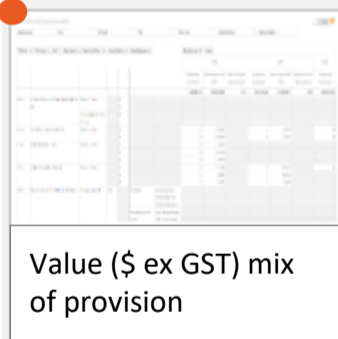

Mix of provision (commitments and actual delivery) over time.

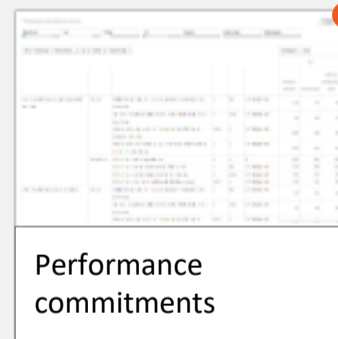

Mix of provision and volume of delivery (STMs) by TEO, fund and programme NZQF (NZQCF) level. Also includes UFS study type, mode of delivery and subject category.

Mix of provision and value of delivery by TEO, fund and programme NZQF (NZQCF) level. This includes UFS study type, mode of delivery and subject category.

Mix of provision and volume of delivery (learners) by TEO, fund and programme NZQF (NZQCF) level. Including UFS study type, mode of delivery and subject category.

Performance commitments and performance indicators with variance.
