

Investment Briefs

Investment Briefs are A3 documents with information about a specific area of provision. There are four Investment Briefs for the 2018 Investment Round: Student Achievement Component (SAC) levels 1 to 3; SAC levels 4 to 7 (non-degree); SAC level 7 (degree); and Youth Guarantee.

The A3 Investment Briefs can be accessed on the Investment Toolkit webpage.

Investment Briefs provide information about specific areas of provision

Each Investment Brief gives clear messages and relevant information about an area of provision to assist you to develop your Investment Plan.

Each document includes the:

- › purpose of the provision
- › key outputs/outcomes
- › desired shifts (shown as two and five year targets)
- › levers we will use to achieve the targets.

Investment Briefs will help you develop your Plan

We recommend you consider all relevant Investment Briefs when drafting your Plan.

The targets included in each Investment Brief are not tertiary education organisation (TEO) specific targets but rather overall system level targets.

You will have individual conversations with your Investment Manager about how your organisation can contribute to the TEC targets.

Use Qlik Apps to better understand the information in Investment Briefs

The data used in the Investment Briefs comes from the TEC Qlik Apps, specifically the *Educational Performance*, *My Provision* and *Tertiary Provision* Apps. Using these Apps will allow you to gain further information about your organisation's performance.
